Bill No. and Title: House Bill No. 2180, House Draft 1 Relating to Hawaiian Language; Hawaiian Language Web; Appropriation.

Purpose: Appropriates funds to establish Hawaiian language resources for the Judiciary. (HB2180 HD1)

Judiciary's Position:

The Judiciary strongly supports House Bill 2180, House Draft 1.

The Judiciary's Hawaiian Language Web Feasibility Task Force, convened by Chief Justice Recktenwald in response to House Concurrent Resolution 217, HD1, SD1 (hereinafter HCR217), submitted its report to the Legislature on December 21, 2015. Link to the report: http://www.courts.state.hi.us/docs/news_and_reports_docs/Final-HawaiianLangTF_report_12-17-15.pdf.

To give life and validation to Hawai‘i's co-official language, the Task Force urged in its report that the use of ‘Ōlelo Hawai‘i in State and local government must be broader than token phrases, more accessible in everyday life, and equally valid as the use of English. Of primary importance, the Task Force emphasized that the implementation plan at the Ideal level is structured to serve the needs of *all* government operations throughout Hawai‘i, not just the

Judiciary's website. The attached Ideal implementation plan summarizes activities and projected costs for the first year of long-term development of 'Ōlelo Hawai'i educational and professional resources through the University of Hawai'i System.

On January 13, 2016, the Hawaiian Language Web Feasibility Task Force held an informational briefing before a joint meeting of the Senate Committee on Hawaiian Affairs, the Senate Committee on Judiciary and Labor, the House Committee on Ocean, Marine Resources and Hawaiian Affairs, and the House Committee on Judiciary. Task Force members discussed findings and recommendations for three possible plans:

- Core: translation of 21 most-visited pages on Judiciary website;
- Sustainable: educational programs at UH-Mānoa and UH-Hilo and one resource staff position in the Judiciary; or
- Ideal: additional academic personnel for educational programs in above and one resource staff position in the Judiciary.

Following an extensive discussion, Legislative Committee members in attendance expressed support for implementation of the Task Force recommendations at the Ideal level.

As a smaller, independent branch of State government, the Judiciary is positioned to serve as a "test lab" for a lexicon of governmental terms to be used throughout State and county entities. The Task Force Report notes that while a few noteworthy advances have occurred at the State level, including publication and enactment of one law in both Hawaiian and English language, up to now, there has not been sufficient funding available to provide a program that would create an adequate number of 'Ōlelo Hawai'i professionals. The Task Force points to this critical shortage of language experts as the greatest barrier to the use of 'Ōlelo Hawai'i in conducting business throughout all of government. Therefore, while House Bill 2180, HD1 directs funding to be expended by the Judiciary, we note that the Task Force recommended the largest share of funding would establish a partnership with the University of Hawai'i System's existing language programs to provide the expertise needed, see summary on next page (also Task Force Report, page 21).

The Judiciary respectfully requests that if the Legislature approves funding for this project, any appropriation should be in addition to the Judiciary's current supplemental budget request contained in Senate Bill No. 2102.

Thank you for the opportunity to testify in support of House Bill 2180, House Draft 1.
